

Pennsylvania Care Partnership

_____ County Partnership Agreement

1. STATEMENT OF COMMITMENT

1.1 This agreement confirms the commitment of PA Care Partnership (The Partnership) and the County of _____(The County) to establish a mutual working relationship to inaugurate and implement a System of Care designed around The Partnership's Expansion and Sustainability Initiative. The Partnerships Initiative is to improve behavioral health outcomes for children and youth (birth-21) with serious emotional disturbances, and their families who may be involved with multiple systems including Child Welfare, Juvenile Justice, Behavioral Health, Intellectual Disabilities, and/or Education, especially those that are in or at risk for residential placement. The Partnership agrees to work with the youth, families, and systems within The County to establish an effective and sustainable System of Care. This will be done through the wide-scale exploration, integration, operation, and expansion of the System of Care approach within the county structure. The Partnership, together with the County, will develop a multi-year plan to support identified outcomes and sustainability of the SOC Effort.

2. SCOPE OF AGREEMENT ACTIVITIES

This Letter of Agreement is based on the ongoing development of The County's System of Care, in collaboration with the Partnership. The Partnership staff will address progress toward achieving the SAMHSA System of Care philosophy and values as they are implemented within The County, This will be done by establishing a work plan to address the following core values:

- Insuring family driven and youth driven approach to System of Care activities;
- Home and community based services and supports;
- Strengths based and individualized practices
- Trauma Informed approaches
- Culturally and linguistically competent practices and supports
- Natural helping networks to connect to youth and families
- Goals will be supported by data that is driven by quality and is outcomes oriented; and
- Implementation of a county leadership team or similar meeting with systems, youth and family as equal decision makers;

2.1 The PA Care Partnership will work with The County to operate and expand the philosophy of System of Care throughout the county. The Partnership will provide the county with a variety of technical assistance that can support this growth. In turn, the county will be responsible to sustain the designated activities agreed upon via training, evaluation, coaching, and implementation of System of Care.

In addition, The County will collaborate with The Partnership's Expansion and Sustainability grant as needed and assist in engaging and sharing their experiences with SOC in perspective new counties.

3. Deliverables

Experience has shown that providing a clear explanation of expectations will help support the implementation of the System of Care both in the county and across the state. The following deliverable outline the role and expectations of both the county and the Partnership during the contract period.

County Deliverables:

- 3.1.1 The County will use the first six months of the to develop their plans for implementation of the SOC standards and values. The plan will be shared with the Partnership.
- 3.1.2 The County will work with The Partnership to establish culturally and linguistically appropriate goals, policies, and management accountability. Additionally, The County will focus on the Cultural and Linguistic Appropriate Services (CLAS) element of recruiting, promoting, and supporting a culturally and linguistically diverse governance, leadership, and workforce that are responsive to the population in the service area.
- 3.1.3 The County will create or use an existing county team as its County's Leadership Team. The County Leadership team will consist of equal representation of youth, family and system partners. This can happen over a period of time during the grant.
- 3.1.4 The County agrees to participate in the required evaluation activities defined by SAMHSA. (See Appendix A) This includes selection of a planning process model (such as High Fidelity Wraparound, Family Group Decision Making, CASSP) as the model in which to engage youth and families as participants in the SAMHSA required evaluation efforts.
- 3.1.5 The County will participate in an assessment to help them determine progress towards agreed upon System of Care goals. This assessment will include input from the County Leadership Team and others identified by the county to participate in. This may occur up to two times per year. The County reporting requirements:
 - 3.1.5.1 The County will submit to The Partnership 15 days after the end of a quarter, the TRAC IPPs with The Counties' data. This will be due on January 15th, April 15th, July 15th, and October 15th of each year.
 - 3.1.5.2 The County will submit to the Youth and Family Training Institute (YFTI) on a monthly basis all required evaluation material, as required for the planning process, as completed by the 5th of the following month.
- 3.1.6 The County has the option to collaborate with the Evaluation Subcommittee to ensure that evaluation methods are complete, consistent with SOC values, and guided by local county needs.

3.2 The County will work to develop financial sustainability of System of Care when planning for services and processes and suggest how this can be replicated in other counties.

3.3 Review the sustainable materials developed by Pennsylvania's other SAMHSA and state grant programs in The County either in whole or in part to determine if this fits within their scope of work. The other SAMHSA and state grants include: Block Grants, PATH (Partnerships for Access to Higher Education) Program, Safe Schools/Healthy Students, Garrett Lee Smith, Project LAUNCH, and Healthy Transitions Partnership. (See Appendix B)
